REGIONAL WINTER WEATHER SUMMARY

COASTAL REGION

North Coast

- Heavy rain Sunday with urban and small stream flooding likely
- Possible land/mud/rock slides over roads with steep embankments
- Del Norte County, 3 to 5 inches locally up to 7 inches
- Humboldt County, 2 to 4 inches locally up to 6 inches
- Northern Mendocino County, 2 to 5 inches locally up to 6 inches
- Southern Mendocino County, 2 to 3 inches
- Significant rises on main stem rivers
- High Surf, breaking waves 22 to 28 feet along west and northwest facing beaches. Breaking waves 18 to 22 feet along southwest facing beaches
- Water over low-lying roadways, localized urban flooding, flooded fields, and debris on roadways
- Large surf and swelling river may cause Highway 1 at Manchester to be closed
- Closure of highway 175 is likely
- **2016-Coastal-20876, Ferndale, Humboldt County, Sandbag Distribution** - Ferndale City Manager requested one Cal Fire hand crew and supervisor from Cal Fire Humboldt Del Norte Unit at 0930 hours on Saturday to assist with sandbag distribution in advance of potential river flood event on Sunday. All information verified with Cal Fire, Cal OES Fire, County of Humboldt OES and EDO. Crew was dispatched and is on site.

Lake County

- Valley/Rocky/Jerusalem fire burn areas: Potential Flash flooding and/or rock/debris flows.
 - DWR staff have pre-positioned 52,000 sandbags in cooperation with Lake County OES

REGIONAL WINTER WEATHER SUMMARY

COASTAL REGION (Cont.)

SF/Monterey Bay Areas

- Widespread rainfall amounts of 0.75 inch to 1.50 inch in the San Francisco and Monterey Bay region, lesser amounts possible in the southern inland valleys of Monterey County.
- Rainfall of 1.50 inch to 2.50 inches likely in the North Bay and 2.25 inches to 3.50 inches in the coastal ranges and higher elevations of the North Bay and 1.50 inch to 2.25 inches in the southern coastal ranges.
- Periods of heavy rain will likely result in local urban flooding of low lying or poorly drained areas, especially over the North Bay region. Localized debris flows, rockfalls and mud slides will also be possible as a result of intense periods of rainfall.
- Coastal flooding possible during high tide Sunday

INLAND REGION

Shasta Valley – Siskiyou County

- High winds will cause increased chance of property damage
- Travel impacts – especially for high profile vehicles
 - South winds 30 to 50 MPH with gusts to 60 MPH
- Moderate to heavy rainfall Sunday with snow levels at 6000 to 7000 feet
 - Happy Camp region expected to see 2 inches of rainfall in 24hr period
 - Small streams and creeks could exceed banks. No flooding of main stem rivers

Trinity County

- Rainfall 2 to 4 inches
- Per Caltrans HQ Comm. Center at 1330 hours on 1/16/16, State Route 299 closed both directions at post mile 23, 1.3 miles east of Del Loma. Closure occurred at 1030 hours on 1/16/16, Caltrans is on scene. Time of reopening is unknown.

Eastern Sierras/Tahoe Basin

- Higher terrain, above 6500 feet, could reach 4-8 inches up to pass level and 8 to 14 inches above 7000 feet through Monday
- Foothill communities below 5500 feet will see 2-4 inches of a mix of rain and snow.
- Travel impacts – Gusty winds and dangerous cross winds combined with snow covered and icy roads over passes through Tuesday

REGIONAL WINTER WEATHER SUMMARY

INLAND REGION (Cont.)

Sacramento and San Joaquin Valleys

- No significant impacts expected
- 1 to 2 inches total precipitation is forecast through Monday

SOUTHERN REGION

South Coast

- Minor beach erosions possible with strong rip currents through Tuesday
- Minor flooding possible for low lying areas through Tuesday
- Minor damage to coastal structures possible during times of highest surf through Tuesday

Southern Sierras

- Travel impacts – Snow expected over passes with gusty winds through Tuesday

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC is activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Recovery/Individual Assistance finalized an updated 2015 version of the drought brochure of programs and services for individuals, businesses, farmers, and ranchers. It has been put on the Governor's Drought webpage. State agencies may put the following link to the brochure on their webpage <http://ca.gov/drought/pdf/Drought-Assistance-Brochure-2015.pdf>
- Cal OES Regions (Inland, Coastal, Southern) collective OA drought call is facilitated by the SOC and will be held once per month.

CAL OES MISSIONS

New/Ongoing Missions

- **2016-LAW-20870, 1/15/16, 2055 hours:** Placer County requested assistance in the search for a skier missing from the area of the Sugar Bowl Ski Resort near Donner Pass. Placer County had a general location of the missing person based on a “ping” from a cell phone, and were requesting 20 Type I personnel to search an area with heavy recent snowfall and snow slides. The request was for a search starting 0800 on 1/16. A Nordic team of 14 from Contra Costa County was in the area doing training. They agreed to commit to the search. Additional personnel were obtained from the National Ski Patrol, Northern California Unit. **Mission On Going**

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
